

**SUMMUM SERVICES**

**SHOP DRAWINGS**

Summum Woodwork Design Services offers the millwork industry outstanding shop drawings. The quality of our shop drawings is recognized by General Contractors, Architects and many Architectural Woodwork companies and serves in presentation needs as well as fabrication needs. AutoCAD, software used universally in the millwork industry is our basic tool.

**FABRICATION**

We can take care of your extra load of work. We will fabricate seamlessly.

**DELIVERY**

We can deliver all over the United States and Canada as per your needs.

**INSTALLATION**

We can even take care of the installation with our qualified installers.

**SUMMUM EXPERTISE**

We can handle all types of commercial and institutional architectural interiors. We are specialized in high-end custom millwork items such as reception desks, wall paneling and column cladding. We will draw any special item as well for you.
